Welcome to BIZLINK

This manual is about how BIZLINK works with you to find and keep a job, your rights, and your responsibilities. We work together to achieve your employment goals. You can discuss any questions you have with your Coordinator or Site Manager.

Information Your Way

BIZLINK works with people with all types of abilities.

We can read and explain this information as needed.

We can provide it in different ways, like large print, another language or electronically, as needed.

About BIZLINK

BIZLINK is a West Australian not-for-profit Disability Employment Service (DES) that specialises in Employment Support Services (ESS). We assist people with disability to find and keep jobs. BIZLINK is an Incorporated Association which was established in 1992. The Australian Government Department of Social Services (DSS) funds BIZLINK, which makes our service free for employers and clients.

People can choose BIZLINK, and people are often referred by the Department of Human Services (Centrelink). People are also told about BIZLINK by school, community, and other employment services.

Most people will need a current **Job Capacity Assessment (JCA)** and/or **Employment Services Assessment (ESAt)** to work out if BIZLINK is the right service and the Government Department (DSS) may ask for a new JCA or ESAt as needed.

BIZLINK is a job-matching and support service. With your Coordinator you make a **Job Plan** of work-related activities based on your skills, choice and employment goals.

Your **support needs** are worked out with you, your employer, Support Coordinator, and the Site Manager so you get the assistance you need. We involve your **Support Network** (family, carer, partner or other service e.g. NDIS provider) if they are involved and with your consent.

Your **Job Search Coordinator** will match your skills to the job and your **Support Coordinator** will assist with on or off-site support as needed. Support and assistance is reduced or increased depending on your needs and what your employer wants.

If you have **Mutual Obligations** for **Income Support Payments** BIZLINK can work with you to meet your reporting requirements.

Career Development can include the use of work experience, work trials or other activities to improve job matching by exploring job choices while keeping your current job. If you have a job but want to get a different job your Support Coordinator will discuss if we can improve your current job. Sometimes wanting to change jobs is because of problems we can fix. It is important you discuss any concerns about your job with your Support Coordinator.

JOB PLAN

Your Job Plan is an agreement between you and BIZLINK. It is about your responsibilities, individual needs, job goals and how to achieve them. By doing the activities in your Job Plan you give yourself the best chance of getting and / or keeping a job. You must have a current signed and approved Job Plan to be registered with BIZLINK.

Mutual Obligation Requirements

The Department of Human Services (Centrelink) can give more detail about your Mutual Obligations for your Income Support Payment. You may already have a Job Plan with Centrelink, usually done when your payment was granted. BIZLINK must update and regularly review your Job Plan so you meet your Mutual Obligation Requirements.

If you have Mutual Obligation Requirements, the Job Plan is a legal document. Your approved Job Plan with BIZLINK will replace any plan done before. You must be prepared to do a Job Plan for Income Support Payments. If you refuse to do a Job Plan or you do not do the activities on it, and you do not have

a reasonable excuse, you will not meet the conditions of your Income Support Payment and your **payment may be stopped**.

Information about compliance is available at [Compliance Mutual Obligation](#), which details the importance of keeping your appointment with your Employment Service Provider (BIZLINK).

You need to know about the Compliance System if you have mutual obligation requirements. You will get **demerits** if you do not meet your requirements and you could lose some or all of your payments. If you have any questions talk with your Coordinator.

No Mutual Obligation

Clients who do not have Mutual Obligation Requirements still sign a Job Plan, but it will not be legally binding. Which means no compliance action can be taken if the client chooses not to complete the voluntary activities listed on the Job Plan.

Appointments

If you get Income Support Payments from the Department of Human Services (Centrelink) that has Mutual Obligation Requirements, then you must attend your appointments or contact us to discuss any changes to your appointment.

Your Coordinator can explain how these requirements may affect you.
