

TASTE Employment

Transition Assistance Success to Employment (TASTE) equips students with the skills to prepare for, find and keep a job.

Students with disability who live in the Perth Metro may be eligible for our Disability Employment Service (DES) or NDIS School Leaver Employment Supports (SLES).

BIZLINK uses early intervention and school partnerships to give students an opportunity to secure quality jobs in open employment. Since 1992, we have supported school leavers in their transition from school to work.

- **Build Knowledge, Skills, and Confidence:** Achieve employment goals
